SECTION 3. [EFFECTIVE JULY 1, 2007]

GENERAL GOVERNMENT

A. LEGISLATIVE

FOR THE GENERAL ASSEMBLY

LEGISLATORS' SALARIES - HOUSE

Total Operating Expense	4,203,191	4,870,227
-------------------------	-----------	-----------

HOUSE EXPENSES

Total Operating Expense	9,936,755	10,097,001
-------------------------	-----------	------------

LEGISLATORS' SALARIES - SENATE

Total Operating Expense	1,571,845	1,596,366
-------------------------	-----------	-----------

SENATE EXPENSES

Total Operating Expense	9,833,000	10,905,931
-------------------------	-----------	------------

Included in the above appropriations for house and senate expenses are funds for a legislative business per diem allowance, meals, and other usual and customary expenses associated with legislative affairs. Except as provided below, this allowance is to be paid to each member of the general assembly for every day, including Sundays, during which the general assembly is convened in regular or special session, commencing with the day the session is officially convened and concluding with the day the session is adjourned sine die. However, after five (5) consecutive days of recess, the legislative business per diem allowance is to be made on an individual voucher basis until the recess concludes.

Members of the general assembly are entitled, when authorized by the speaker of the

house or the president pro tempore of the senate, to the legislative business per diem allowance for each and every day engaged in official business.

The legislative business per diem allowance that each member of the general assembly is entitled to receive equals the maximum daily amount allowable to employees of the executive branch of the federal government for subsistence expenses while away from home in travel status in the Indianapolis area. The legislative business per diem changes each time there is a change in that maximum daily amount.

In addition to the legislative business per diem allowance, each member of the general assembly shall receive the mileage allowance in an amount equal to the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service for each mile necessarily traveled from the member's usual place of residence to the state capitol. However, if the member traveled by a means other than by motor vehicle, and the member's usual place of residence is more than one hundred (100) miles from the state capitol, the member is entitled to reimbursement in an amount equal to the lowest air travel cost incurred in traveling from the usual place of residence to the state capitol. During the period the general assembly is convened in regular or special session, the mileage allowance shall be limited to one (1) round trip each week per member.

Any member of the general assembly who is appointed, by the governor, speaker of the house, president or president pro tempore of the senate, house or senate minority floor leader, or Indiana legislative council to serve on any research, study, or survey committee or commission, or who attends any meetings authorized or convened under the auspices of the Indiana legislative council, including pre-session conferences and federal-state relations conferences, is entitled, when authorized by the legislative council, to receive the legislative business per diem allowance for each day in actual attendance and is also entitled to a mileage allowance, at the rate specified above, for each mile necessarily traveled from the member's usual place of residence to the state capitol, or other in-state site of the committee, commission, or conference. The per diem allowance and the mileage allowance permitted under this paragraph shall be paid from the legislative council appropriation for legislator and lay member travel unless the member is attending an out-of-state meeting, as authorized by the speaker of the house of representatives or the president pro tempore of the senate, in which case the member is entitled to receive:

- (1) the legislative business per diem allowance for each day the member is engaged in approved out-of-state travel; and
- (2) reimbursement for traveling expenses actually incurred in connection with the member's duties, as provided in the state travel policies and procedures established by the legislative council.

Notwithstanding the provisions of this or any other statute, the legislative council may adopt, by resolution, travel policies and procedures that apply only to members of the general assembly or to the staffs of the house of representatives, senate, and legislative services agency, or both members and staffs. The legislative council may apply these travel policies and procedures to lay members serving on research,

study, or survey committees or commissions that are under the jurisdiction of the legislative council. Notwithstanding any other law, rule, or policy, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency do not apply to members of the general assembly, to the staffs of the house of representatives, senate, or legislative services agency, or to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council (if the legislative council applies its travel policies and procedures to lay members under the authority of this SECTION), except that, until the legislative council adopts travel policies and procedures, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency apply to members of the general assembly, to the staffs of the house of representatives, senate, and legislative services agency, and to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council. The executive director of the legislative services agency is responsible for the administration of travel policies and procedures adopted by the legislative council. The auditor of state shall approve and process claims for reimbursement of travel related expenses under this paragraph based upon the written affirmation of the speaker of the house of representatives, the president pro tempore of the senate, or the executive director of the legislative services agency that those claims comply with the travel policies and procedures adopted by the legislative council. If the funds appropriated for the house and senate expenses and legislative salaries are insufficient to pay all the necessary expenses incurred, including the cost of printing the journals of the house and senate, there is appropriated such further sums as may be necessary to pay such expenses.

If the senate or house of representatives eliminates a committee or officer referenced in this SECTION and replaces the committee or officer with a new committee or position, the foregoing appropriations for subsistence shall be used to pay for the new committee or officer. However, this does not permit any additional amounts to be paid under this SECTION for a replacement committee or officer than would have been spent for the eliminated committee or officer. If the senate or house of representatives creates a new additional committee or officer, or assigns additional duties to an existing officer, the foregoing appropriations for subsistence shall be used to pay for the new committee or officer, or to adjust the annual payments made to the existing officer, in amounts determined by the legislative council.

If the funds appropriated for legislators' subsistence are insufficient to pay all the subsistence incurred, there are hereby appropriated such further sums as may be necessary to pay such subsistence.

42				
43	All such income and all such fees, earnings, and receipts on hand June 30, 2007,			

and all such income and fees, earnings, and receipts accruing thereafter are hereby appropriated to the boards of trustees or directors of the aforementioned institutions and IHETS and may be expended for any necessary expenses of the respective institutions and IHETS, including university hospitals, schools of medicine, nurses' training schools, schools of dentistry, and agricultural extension and experimental stations. However, such income, fees, earnings, and receipts may be used for land and structures only if approved by the governor and the budget agency.

The foregoing appropriations to Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, Ivy Tech Community College, and IHETS include the employers' share of Social Security payments for university and IHETS employees under the public employees' retirement fund, or institutions covered by the Indiana state teachers' retirement fund. The funds appropriated also include funding for the employers' share of payments to the public employees' retirement fund and to the Indiana state teachers' retirement fund at a rate to be established by the retirement funds for both fiscal years for each institution and for IHETS employees covered by these retirement plans.

The treasurers of Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, and Ivy Tech Community College shall, at the end of each three (3) month period, prepare and file with the auditor of state a financial statement that shall show in total all revenues received from any source, together with a consolidated statement of disbursements for the same period. The budget director shall establish the requirements for the form and substance of the reports.

The reports of the treasurer also shall contain in such form and in such detail as the governor and the budget agency may specify, complete information concerning receipts from all sources, together with any contracts, agreements, or arrangements with any federal agency, private foundation, corporation, or other entity from which such receipts accrue.

All such treasurers' reports are matters of public record and shall include without limitation a record of the purposes of any and all gifts and trusts with the sole exception of the names of those donors who request to remain anonymous.

Notwithstanding IC 4-10-11, the auditor of state shall draw warrants to the treasurers of Indiana University, Purdue University, Indiana State University, University of Southern Indiana, Ball State University, Vincennes University, and Ivy Tech Community College on the basis of vouchers stating the total amount claimed against each fund or account, or both, but not to exceed the legally made appropriations.

Notwithstanding IC 4-12-1-14, for universities and colleges supported in whole or in part by state funds, grant applications and lists of applications need only be submitted upon request to the budget agency for review and approval or disapproval and, unless disapproved by the budget agency, federal grant funds may be requested and spent without approval by the budget agency. Each institution shall retain the

applications for a reasonable period of time and submit a list of all grant applications, at least monthly, to the commission for higher education for informational purposes.

For all university special appropriations, an itemized list of intended expenditures, in such form as the governor and the budget agency may specify, shall be submitted to support the allotment request. All budget requests for university special appropriations shall be furnished in a like manner and as a part of the operating budgets of the state universities.

The trustees of Indiana University, the trustees of Purdue University, the trustees of Indiana State University, the trustees of University of Southern Indiana, the trustees of Ball State University, the trustees of Vincennes University, the trustees of Ivy Tech Community College, and the directors of IHETS are hereby authorized to accept federal grants, subject to IC 4-12-1.

Fee replacement funds are to be distributed as requested by each institution, on payment due dates, subject to available appropriations.

If an early payment of an amount appropriated to any of the aforementioned institutions or IHETS is made in either state fiscal year of the biennium to eliminate an otherwise authorized payment delay to a later state fiscal year, the amount may be used only for the purposes approved by the budget agency after review by the budget committee.

Before a school corporation or an accredited nonpublic school may receive a distribution

under the textbook reimbursement program, the school corporation or accredited nonpublic school shall provide to the department the requirements established in IC 20-33-5-2. The department shall provide to the family and social services administration (FSSA) all data required for FSSA to meet the data collection reporting requirement in 45 CFR 265. FULL-DAY KINDERGARTEN

Total Operating Expense	33,500,000	58,500,000
--------------------------------	-------------------	-------------------

The above appropriations for full day kindergarten are available to school corporations and charter schools that apply to the department of education for funding of full day kindergarten. The amount available to a school corporation or charter school equals the amount appropriated divided by the total full day kindergarten enrollment of all participating school corporations and charter schools (as defined in IC 21-3-1.6-1.1) for the current year, and then multiplied by the school corporation's or charter school's full day kindergarten enrollment (as defined in IC 21-3-1.6-1.1) for the current year. However, a school corporation or charter school may not receive more than \$2,500 dollars per student for full day kindergarten. A school corporation or charter school that is awarded a grant must provide to the department of education a financial report stating how the funds were spent. Any unspent funds at the end of the biennium must be returned to the state by the school corporation or charter school.

To provide full day kindergarten programs, a school corporation or charter school that determines there is inadequate space to offer a program in the school corporation's or charter school's existing facilities may offer the program in any suitable space located within the geographic boundaries of the school corporation or, in the case of a charter school, a location that is in the general vicinity of the charter school's existing facilities. A full day kindergarten program offered by a school corporation or charter school must meet the academic standards and other requirements of IC 20.

A school corporation or charter school that receives a grant must meet the academic standards and other requirements of IC 20.

In awarding grants from the above appropriations, the department of education may not refuse to make a grant to a school corporation or reduce the award that would otherwise be made to the school corporation because the school corporation used federal grants or loans, including Title I grants, to fund part or all of the school corporation's full day kindergarten program in a school year before the school year in which the grant will be given or because the school corporation intends to use federal grants

or loans, including Title I grants, to fund part of the school corporation's full day kindergarten program in a school year in which the grant will be given.

The state board and department shall provide support to school corporations and charter schools in the development and implementation of child centered and learning focused programs using the following methods:

(1) Targeting professional development funds to provide teachers in kindergarten through grade 3 education in:

(A) scientifically proven methods of teaching reading;

(B) the use of data to guide instruction; and

(C) the use of age appropriate literacy and mathematics assessments.

(2) Making uniform, predictively valid, observational assessments that:

(A) provide frequent information concerning the student's progress to the student's teacher; and

(B) measure the student's progress in literacy;

available to teachers in kindergarten through grade 3. Teachers shall monitor students participating in a program, and the school corporation or charter school shall report the results of the assessments to the parents of a child completing an assessment and to the department.

(3) Undertaking a longitudinal study of students in programs in Indiana to determine the achievement levels of the students in kindergarten and later grades.

The above appropriations for full day kindergarten include \$25,000 dollars in fiscal year 2008 for the state board and department to contract with national experts on academic standards to conduct a review of current kindergarten standards to ensure the standards:

(1) are adequate for full day kindergarten programs;

(2) align with state standards through grade 3; and

(3) ensure success in subsequent grades.

The school corporation or charter school may use any funds otherwise allowable under state and federal law, including the school corporation's general fund, any funds available to the charter school, or voluntary parent fees, to provide full day kindergarten programs.

SECTION 13. [EFFECTIVE JULY 1, 2007]

Utility bills for the month of June, travel claims covering the period June 16 to June 30, payroll for the period of the last half of June, any interdepartmental bills for supplies or services for the month of June, and any other miscellaneous expenses incurred during the period June 16 to June 30 shall be charged to the appropriation for the succeeding year. No interdepartmental bill shall be recorded as a refund of expenditure to any current year allotment account for supplies or services rendered or delivered at any time during the preceding June period.

SECTION 14. [EFFECTIVE JULY 1, 2007]

The budget agency, under IC 4-10-11, IC 4-12-1-13, and IC 4-13-1, in cooperation with the Indiana department of administration, may fix the amount of reimbursement for traveling expenses (other than transportation) for travel within the limits of Indiana. This amount may not exceed actual lodging and miscellaneous expenses incurred. A person in travel status, as defined by the state travel policies and procedures established by the Indiana department of administration and the budget agency, is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service.

All appropriations provided by this act or any other statute, for traveling and hotel expenses for any department, officer, agent, employee, person, trustee, or commissioner, are to be used only for travel within the state of Indiana, unless those expenses

are incurred in traveling outside the state of Indiana on trips that previously have received approval as required by the state travel policies and procedures established by the Indiana department of administration and the budget agency. With the required approval, a reimbursement for out-of-state travel expenses may be granted in an amount not to exceed actual lodging and miscellaneous expenses incurred. A person in travel status is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service for properly approved travel within the continental United States and a minimum of \$50 during any twenty-four (24) hour period for properly approved travel outside the continental United States. However, while traveling in Japan, the minimum meal allowance shall not be less than \$90 for any twenty-four (24) hour period. While traveling in Korea and Taiwan, the minimum meal allowance shall not be less than \$85 for any twenty-four (24) hour period. While traveling in Singapore, China, Great Britain, Germany, the Netherlands, and France, the minimum meal allowance shall not be less than \$65 for any twenty-four (24) hour period.

In the case of the state supported institutions of postsecondary education, approval for out-of-state travel may be given by the chief executive officer of the institution, or the chief executive officer's authorized designee, for the chief executive officer's respective personnel.

Before reimbursing overnight travel expenses, the auditor of state shall require documentation as prescribed in the state travel policies and procedures established by the Indiana department of administration and the budget agency. No appropriation from any fund may be construed as authorizing the payment of any sum in excess of the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service when used in the discharge of state business. The Indiana department of administration and the budget agency may adopt policies and procedures relative to the reimbursement of travel and moving expenses of new state employees and the reimbursement of travel expenses of prospective employees who are invited to interview with the state.

SECTION 15. [EFFECTIVE JULY 1, 2007]

Notwithstanding IC 4-10-11-2.1, the salary per diem of members of boards, commissions, and councils who are entitled to a salary per diem is \$50 per day. However, members of boards, commissions, or councils who receive an annual or a monthly salary paid by the state are not entitled to the salary per diem provided in IC 4-10-11-2.1.

SECTION 16. [EFFECTIVE JULY 1, 2007]

No payment for personal services shall be made by the auditor of state unless the payment has been approved by the budget agency or the designee of the budget agency.

SECTION 17. [EFFECTIVE JULY 1, 2007]

No warrant for operating expenses, capital outlay, or fixed charges shall be issued

to any department or an institution unless the receipts of the department or institution have been deposited into the state treasury for the month. However, if a department or an institution has more than \$10,000 in daily receipts, the receipts shall be deposited into the state treasury daily.

SECTION 18. [EFFECTIVE JULY 1, 2007]

In case of loss by fire or any other cause involving any state institution or department, the proceeds derived from the settlement of any claim for the loss shall be deposited in the state treasury, and the amount deposited is hereby reappropriated to the institution or department for the purpose of replacing the loss. If it is determined that the loss shall not be replaced, any funds received from the settlement of a claim shall be deposited into the general fund.

SECTION 19. [EFFECTIVE JULY 1, 2007]

If an agency has computer equipment in excess of the needs of that agency, then the excess computer equipment may be sold under the provisions of surplus property sales, and the proceeds of the sale or sales shall be deposited in the state treasury. The amount so deposited is hereby reappropriated to that agency for other operating expenses of the then current year, if approved by the director of the budget agency.

SECTION 20. [EFFECTIVE JULY 1, 2007]

If any state penal or benevolent institution other than the Indiana state prison, Pendleton correctional facility, or Putnamville correctional facility shall, in the operation of its farms, produce products or commodities in excess of the needs of the institution, the surplus may be sold through the division of industries and farms, the director of the supply division of the Indiana department of administration, or both. The proceeds of any such sale or sales shall be deposited in the state treasury. The amount deposited is hereby reappropriated to the institution for expenses of the then current year if approved by the director of the budget agency. The exchange between state penal and benevolent institutions of livestock for breeding purposes only is hereby authorized at valuations agreed upon between the superintendents or wardens of the institutions. Capital outlay expenditures may be made from the institutional industries and farms revolving fund if approved by the budget agency and the governor.

SECTION 21. [EFFECTIVE JULY 1, 2007]

This act does not authorize any rehabilitation and repairs to any state buildings, nor does it allow that any obligations be incurred for lands and structures, without the prior approval of the budget director or the director's designee. This SECTION does not apply to contracts for the state universities supported in whole or in part by state funds.

SECTION 22. [EFFECTIVE JULY 1, 2007]

If an agency has an annual appropriation fixed by law, and if the agency also receives an appropriation in this act for the same function or program, the appropriation in this act supersedes any other appropriations and is the total appropriation for the agency for that program or function.

SECTION 23. [EFFECTIVE JULY 1, 2007]

The balance of any appropriation or funds heretofore placed or remaining to the credit of any division of the state of Indiana, and any appropriation or funds provided in this act placed to the credit of any division of the state of Indiana, the powers, duties, and functions whereof are assigned and transferred to any department for salaries, maintenance, operation, construction, or other expenses in the exercise of such powers, duties, and functions, shall be transferred to the credit of the department to which such assignment and transfer is made, and the same shall be available for the objects and purposes for which appropriated originally.

SECTION 24. [EFFECTIVE JULY 1, 2007]

The director of the division of procurement of the Indiana department of administration, or any other person or agency authorized to make purchases of equipment, shall not honor any requisition for the purchase of an automobile that is to be paid for from any appropriation made by this act or any other act, unless the following facts are shown to the satisfaction of the commissioner of the Indiana department of administration or the commissioner's designee:

(1) In the case of an elected state officer, it shall be shown that the duties of the office require driving about the state of Indiana in the performance of official duty.

(2) In the case of department or commission heads, it shall be shown that the statutory duties imposed in the discharge of the office require traveling a greater distance than one thousand (1,000) miles each month or that they are subject to official duty call at all times.

(3) In the case of employees, it shall be shown that the major portion of the duties assigned to the employee require travel on state business in excess of one thousand (1,000) miles each month, or that the vehicle is identified by the agency as an integral part of the job assignment.

In computing the number of miles required to be driven by a department head or an employee, the distance between the individual's home and office or designated official station is not to be considered as a part of the total. Department heads shall annually submit justification for the continued assignment of each vehicle in their department, which shall be reviewed by the commissioner of the Indiana department of administration, or the commissioner's designee. There shall be an insignia permanently affixed on each side of all state owned cars, designating the cars as being state owned. However, this requirement does not apply to state owned cars driven by elected state officials or to cases where the commissioner of the Indiana department of administration or the commissioner's designee determines that affixing insignia on state owned cars would hinder or handicap the persons driving the cars in the performance of their

official duties.

SECTION 25. [EFFECTIVE JULY 1, 2007]

When budget agency approval or review is required under this act, the budget agency may refer to the budget committee any budgetary or fiscal matter for an advisory recommendation. The budget committee may hold hearings and take any actions authorized by IC 4-12-1-11, and may make an advisory recommendation to the budget agency.

SECTION 26. [EFFECTIVE JULY 1, 2007]

The governor of the state of Indiana is solely authorized to accept on behalf of the state any and all federal funds available to the state of Indiana. Federal funds received under this SECTION are appropriated for purposes specified by the federal government, subject to allotment by the budget agency. The provisions of this SECTION and all other SECTIONS concerning the acceptance, disbursement, review, and approval of any grant, loan, or gift made by the federal government or any other source to the state or its agencies and political subdivisions shall apply, notwithstanding any other law.

SECTION 27. [EFFECTIVE JULY 1, 2007]

Federal funds received as revenue by a state agency or department are not available to the agency or department for expenditure until allotment has been made by the budget agency under IC 4-12-1-12(d).

SECTION 28. [EFFECTIVE JULY 1, 2007]

A contract or an agreement for personal services or other services may not be entered into by any agency or department of state government without the approval of the budget agency or the designee of the budget director.

SECTION 29. [EFFECTIVE JULY 1, 2007]

Except in those cases where a specific appropriation has been made to cover the payments for any of the following, the auditor of state shall transfer, from the personal services appropriations for each of the various agencies and departments, necessary payments for Social Security, public employees' retirement, health insurance, life insurance, and any other similar payments directed by the budget agency.

SECTION 30. [EFFECTIVE JULY 1, 2007]

Subject to SECTION 25 of this act as it relates to the budget committee, the budget agency with the approval of the governor may withhold allotments of any or all appropriations contained in this act for the 2007-2009 biennium, if it is considered necessary to do so in order to prevent a deficit financial situation.

SECTION 31. [EFFECTIVE JULY 1, 2006 (RETROACTIVE)]

As used in sections 2 through 9 of this chapter, "joint program" means the joint employment of personnel, joint purchase of supplies or other material, or joint purchase or lease of equipment, joint lease of land or buildings, or both, or joint construction of, remodeling of, or additions to school buildings, by two (2) or more school corporations, for a particular program or purpose. The term includes the joint investment of money under IC 5-13, data processing operations, ~~vocational~~ **career and technical** education, psychological services, audiovisual services, guidance services, special education, and joint purchasing related to the acquisition of supplies or equipment that are not to be used jointly.

SECTION 105. IC 20-26-11-13, AS AMENDED BY P.L.2-2006, SECTION 130, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2007]: Sec. 13. (a) As used in this section, the

1 following terms have the following meanings:

2 (1) "Class of school" refers to a classification of each school or program in the transferee
3 corporation by the grades or special programs taught at the school. Generally, these
4 classifications are denominated as kindergarten, elementary school, middle school or junior high
5 school, high school, and special schools or classes, such as schools or classes for special
6 education, ~~vocational training~~, **career and technical education**, or career education.

7 (2) "Special equipment" means equipment that during a school year:

8 (A) is used only when a child with disabilities is attending school;

9 (B) is not used to transport a child to or from a place where the child is attending school;

10 (C) is necessary for the education of each child with disabilities that uses the equipment, as
11 determined under the individualized education program for the child; and

12 (D) is not used for or by any child who is not a child with disabilities.

13 (3) "Student enrollment" means the following:

14 (A) The total number of students in kindergarten through grade 12 who are enrolled in a
15 transferee school corporation on a date determined by the state board.

16 (B) The total number of students enrolled in a class of school in a transferee school
17 corporation on a date determined by the state board.

18 However, a kindergarten student shall be counted under clauses (A) and (B) as one-half (1/2)
19 student. The state board may select a different date for counts under this subdivision. However,
20 the same date shall be used for all school corporations making a count for the same class of
21 school.

22 (b) Each transferee corporation is entitled to receive for each school year on account of each
23 transferred student, except a student transferred under section 6 of this chapter, transfer tuition from
24 the transferor corporation or the state as provided in this chapter. Transfer tuition equals the amount
25 determined under STEP THREE of the following formula:

26 STEP ONE: Allocate to each transfer student the capital expenditures for any special equipment
27 used by the transfer student and a proportionate share of the operating costs incurred by the
28 transferee school for the class of school where the transfer student is enrolled.

29 STEP TWO: If the transferee school included the transfer student in the transferee school's ADM
30 for a school year, allocate to the transfer student a proportionate share of the following general
31 fund revenues of the transferee school for, except as provided in clause (C), the calendar year in
32 which the school year ends:

33 (A) State tuition support distributions.

34 (B) Property tax levies.

35 (C) Excise tax revenue (as defined in IC 20-43-1-12) received for deposit in the calendar year
36 in which the school year begins.

37 (D) Allocations to the transferee school under IC 6-3.5.

38 STEP THREE: Determine the greater of:

39 (A) zero (0); or

40 (B) the result of subtracting the STEP TWO amount from the STEP ONE amount.

41 If a child is placed in an institution or facility in Indiana under a court order, the institution or facility
42 shall charge the county office of the county of the student's legal settlement under IC 12-19-7 for the
43 use of the space within the institution or facility (commonly called capital costs) that is used to provide
44 educational services to the child based upon a prorated per student cost.

45 (c) Operating costs shall be determined for each class of school where a transfer student is enrolled.
46 The operating cost for each class of school is based on the total expenditures of the transferee
47 corporation for the class of school from its general fund expenditures as specified in the classified
48 budget forms prescribed by the state board of accounts. This calculation excludes:

49 (1) capital outlay;

50 (2) debt service;

1 (3) costs of transportation;
2 (4) salaries of board members;
3 (5) contracted service for legal expenses; and
4 (6) any expenditure that is made out of the general fund from extracurricular account receipts;
5 for the school year.

6 (d) The capital cost of special equipment for a school year is equal to:

7 (1) the cost of the special equipment; divided by

8 (2) the product of:

9 (A) the useful life of the special equipment, as determined under the rules adopted by the state
10 board; multiplied by

11 (B) the number of students using the special equipment during at least part of the school year.

12 (e) When an item of expense or cost described in subsection (c) cannot be allocated to a class of
13 school, it shall be prorated to all classes of schools on the basis of the student enrollment of each class
14 in the transferee corporation compared with the total student enrollment in the school corporation.

15 (f) Operating costs shall be allocated to a transfer student for each school year by dividing:

16 (1) the transferee school corporation's operating costs for the class of school in which the transfer
17 student is enrolled; by

18 (2) the student enrollment of the class of school in which the transfer student is enrolled.

19 When a transferred student is enrolled in a transferee corporation for less than the full school year of
20 student attendance, the transfer tuition shall be calculated by the part of the school year for which the
21 transferred student is enrolled. A school year of student attendance consists of the number of days
22 school is in session for student attendance. A student, regardless of the student's attendance, is enrolled
23 in a transferee school unless the student is no longer entitled to be transferred because of a change of
24 residence, the student has been excluded or expelled from school for the balance of the school year
25 or for an indefinite period, or the student has been confirmed to have withdrawn from school. The
26 transferor and the transferee corporation may enter into written agreements concerning the amount of
27 transfer tuition due in any school year. If an agreement cannot be reached, the amount shall be
28 determined by the state board, and costs may be established, when in dispute, by the state board of
29 accounts.

30 (g) A transferee school shall allocate revenues described in subsection (b) STEP TWO to a transfer
31 student by dividing:

32 (1) the total amount of revenues received; by

33 (2) the ADM of the transferee school for the school year that ends in the calendar year in which
34 the revenues are received.

35 However, for state tuition support distributions or any other state distribution computed using less than
36 the total ADM of the transferee school, the transferee school shall allocate the revenues to the transfer
37 student by dividing the revenues that the transferee school is eligible to receive in a calendar year by
38 the student count used to compute the state distribution.

39 (h) Instead of the payments provided in subsection (b), the transferor corporation or state owing
40 transfer tuition may enter into a long term contract with the transferee corporation governing the
41 transfer of students. The contract may:

42 (1) be entered into for a period of not more than five (5) years with an option to renew;

43 (2) specify a maximum number of students to be transferred; and

44 (3) fix a method for determining the amount of transfer tuition and the time of payment, which
45 may be different from that provided in section 14 of this chapter.

46 (i) ~~If the A school corporation can meet the requirements of IC 20-43-9-8, it may negotiate transfer~~
47 ~~tuition agreements with a neighboring school corporation that can accommodate additional students.~~
48 ~~Agreements under this section may:~~

49 (1) be for one (1) year or longer; and

50 (2) fix a method for determining the amount of transfer tuition or time of payment that is different

1 from the method, amount, or time of payment that is provided in this section or section 14 of this
2 chapter.

3 A school corporation may not transfer a student under this section without the prior approval of the
4 child's parent.

5 (j) If a school corporation experiences a net financial impact with regard to transfer tuition that is
6 negative for a particular school year as described in IC 20-45-6-8, the school corporation may appeal
7 for an excessive levy as provided under IC 20-45-6-8.

STEP ONE: Determine the sum of the following:

(A) The school corporation's basic tuition support for the year that precedes the current year.

(B) The school corporation's maximum permissible tuition support levy for the calendar year that precedes the current year, made in determining the school corporation's adjusted tuition support levy for the calendar year.

(C) The school corporation's excise tax revenue for the year that precedes the current year by two (2) years.

STEP TWO: Subtract from the STEP ONE result an amount equal to the ~~sum of the following~~:

~~(A) The reduction in the school corporation's state tuition support under any combination of subsection (b), subsection (c), IC 20-10.1-2-1 (before its repeal), or IC 20-30-2-4.~~

~~(B) In 2006, the amount of the school corporation's maximum permissible tuition support levy attributable to the levy transferred from the school corporation's general fund to the school corporation's referendum tax levy fund under IC 20-46-1-6.~~

(b) A school corporation's previous year revenue must be reduced if:

(1) the school corporation's state tuition support for special or vocational education is reduced as a result of a complaint being filed with the department after December 31, 1988, because the school program overstated the number of children enrolled in special or vocational education programs; and

(2) the school corporation's previous year revenue has not been reduced under this subsection more than one (1) time because of a given overstatement.

The amount of the reduction equals the amount the school corporation would have received in state tuition support for special and vocational education because of the overstatement.

(c) A school corporation's previous year revenue must be reduced if an existing elementary or secondary school located in the school corporation converts to a charter school under IC 20-5.5-11 before July 1, 2005, or IC 20-24-11 after June 30, 2005. The amount of the reduction equals the product of:

(1) the sum of the amounts distributed to the conversion charter school under IC 20-5.5-7-3.5(c) and IC 20-5.5-7-3.5(d) before July 1, 2005, and IC 20-24-7-3(c) and IC 20-24-7-3(d) after June 30, 2005; multiplied by

(2) two (2).

(3) receives instructional services from the school corporation.

(b) For purposes of this section, full-time equivalency is calculated as follows:

STEP ONE: Determine the result of:

(A) the number of days instructional services will be provided to the pupil, not to exceed one hundred eighty (180); divided by

1 (B) one hundred eighty (180).
2 STEP TWO: Determine the result of:
3 (A) the pupil's public school instructional time (as defined in IC 20-30-2-1); ~~rounded to the~~
4 ~~nearest one-hundredth (0.01)~~; divided by
5 (B) the actual public school regular instructional day (as defined in IC 20-30-2-2). ~~rounded~~
6 ~~to the nearest one-hundredth (0.01)~~.
7 STEP THREE: Determine the result of:
8 (A) the STEP ONE result; multiplied by
9 (B) the STEP TWO result.
10 STEP FOUR: Determine the lesser of one (1) or the result of:
11 (A) the STEP THREE result; multiplied by
12 (B) one and five hundredths (1.05).

20 commission and used in the same manner as specified in subsection (d).

21 (j) The total liability of the surety on a bond is limited to the amount specified in the bond, and the

3 of state shall certify the base year revenue determined under this subsection to the city or county. The
4 total amount of money distributed to a city or county under this section during a state fiscal year may
5 not exceed the entity's base year revenue. For each state fiscal year, the treasurer of state shall pay that
6 part of the riverboat wagering taxes that:

- 7 (1) exceeds a particular city's or county's base year revenue; and
- 8 (2) would otherwise be due to the city or county under this section;

9 to the property tax replacement fund instead of to the city or county.

20 replacement fund from the transfers under subsection (a)(3) for the state fiscal year.

21 (e) Before August 15 of each year, the treasurer of state shall distribute the wagering taxes set aside
22 for revenue sharing under subsection (a)(1) to the county treasurer of each county that does not have

33 the following purposes:

- 34 (1) To reduce the property tax levy of the city, town, or county for a particular year (a property
35 tax reduction under this subdivision does not reduce the maximum levy of the city, town, or
36 county under IC 6-1.1-18.5).
- 37 (2) For deposit in a special fund or allocation fund created under IC 8-22-3.5, IC 36-7-14,

- 41 (4) For police and fire pensions.
- 42 (5) To carry out any governmental purpose for which the money is appropriated by the fiscal

44 tax levy of the city, town, or county for a particular year or reduce the maximum levy of the city,
45 town, or county under IC 6-1.1-18.5.

46 (g) This subsection does not apply to an entity receiving money under IC 4-33-12-6(c). Before
47 September 15 of each year, the treasurer of state shall determine the total amount of money distributed
48 to an entity under IC 4-33-12-6 during the preceding state fiscal year. If the treasurer of state
49 determines that the total amount of money distributed to an entity under IC 4-33-12-6 during the
50 preceding state fiscal year was less than the entity's base year revenue (as determined under

1 IC 4-33-12-6), the treasurer of state shall make a supplemental distribution to the entity from taxes
2 collected under this chapter and deposited into the property tax replacement fund. The amount of the
3 supplemental distribution is equal to:

4 (1) the entity's base year revenue (as determined under IC 4-33-12-6); minus

5 (2) the sum of:

6 (A) the total amount of money distributed to the entity during the preceding state fiscal year
7 under IC 4-33-12-6; plus

8 (B) any amounts deducted under IC 6-3.1-20-7.

9 (h) This subsection applies only to a county containing a consolidated city. The county auditor shall
10 distribute the money received by the county under subsection (e) as follows:

11 (1) To each city, other than a consolidated city, located in the county according to the ratio that
12 the city's population bears to the total population of the county.

13 (2) To each town located in the county according to the ratio that the town's population bears to
14 the total population of the county.

15 (3) After the distributions required in subdivisions (1) and (2) are made, the remainder shall be

In order to prove the assurance that economic development will occur, the applicant must:

(1) construct or provide for the construction of an approved hotel; or

(2) cause economic development that will have an economic impact on the city that exceeds the economic impact that the construction of an approved hotel would have.

(c) This subsection applies to an owner's license issued for the City of East Chicago. If a controlling interest in the owner's license is transferred, the fiscal body of the City of East Chicago may adopt an ordinance voiding any term of the development agreement (as defined by IC 36-1-8-9.5) between:

(1) the city; and

(2) the person transferring the controlling interest in the owner's license;

that is in effect as of the date the controlling interest is transferred. The ordinance may provide for any payments made under the redevelopment agreement, including those held in escrow, to

1 be redirected to the City of East Chicago for use as directed by ordinance of the city fiscal body.
2 A requirement to redirect a payment is valid to the same extent as if the requirement had been
3 part of the original agreement. If the ordinance provides for the voiding and renegotiation of
4 any part of a redevelopment agreement, the mayor of the City of East Chicago may negotiate
5 with the person acquiring a controlling interest in the owner's license to replace any terms
6 voided by the ordinance. Terms negotiated under this subsection must be ratified in an
7 ordinance adopted by the city legislative body.
